

# BORN IN AMERICA. BUILT TO LAST.

Unlike leading competitive models, InSinkErator® garbage disposals don't use permanent magnet motors - the type of motor commonly used in blenders and hairdryers. These disposals are built with heavy-duty Dura-Drive® induction motors, stainless steel lugs, and strong metal frames. We sweat the details so you can depend on reliable, long-lasting performance grind after grind.

THE ONLY DISPOSALS WITH INDUCTION MOTORS  
INVENTED, DESIGNED & ASSEMBLED IN THE USA

**INSINKERATOR® IS AMERICA'S  
#1 DISPOSAL BRAND\***

\* Based on import, export data and average unit sales; 2024.

## FEATURES

### Dura-Drive® Induction Motor

The long-lasting, Dura-Drive® induction motor features jam-busting torque to power through every day food scraps.

### Rugged Construction

Galvanized steel grind components provide reliable, long-lasting performance.

### 3D Grind Zone

Specially engineered grind chamber that keeps food in the grind zone and directs water to rinse chamber walls clean.

### Jam-Buster Wrench

A quick, effective tool included to help free simple jams.

### Lift & Latch® Technology

Simplifies installation by eliminating the challenge of having to hold the disposal with one hand while adjusting the mounting ring with the other hand.

### Assembled in USA

The ONLY garbage disposals invented, designed, and assembled in the USA

See how easy it is to install an InSinkErator® disposal with Lift & Latch® Technology
